CREATE A RECIPE FOR INTEGRITY:

Integrity is being honest (even when no one is around) and always doing what you say you're going to do. Have a discussion about what important character traits make up your Personal Integrity Recipe. These character traits may include action items about how to live with Integrity, and/or which personal values you feel make up the meaning of Integrity. (e.g. Being kind to others, not stealing, telling the truth, being accountable and sorry for a mistake, building another person up, etc.)

Think of 6 Character Traits and/or Action Items that reflect how you feel about INTEGRITY, write them here, and post them in places so that you will see them often.
